

ULTRA CUT®

XP3013 - 50cm wide

Ultra Cut is an excellent product for producing fine detail work as it has an integral sticky backing. Ultra Cut is hot release which speeds up the production process for multi colour transfer layering. The opaque white is perfect for football shirts as it eliminates any dye bleed through.

A4 samples are available free of charge upon request, for larger samples 1m rolls are available to purchase.

STEP BY STEP

STEP 1

Cut your design in mirror image. Film blade required.

STEP 2

Weed away any excess material.

STEP 3

Place transfer face down onto the garment with the transparent backing on top and press for 15 seconds at 165°C. (see alternative temp and time for Opaque White).

STEP 4

Remove the transparent backing hot. (Sky & Sky Opaque is cold peel).
