

LASER PRINTER DARK

XP3129 - A4 sheets · XP3128 - A3 sheets

Laser Printer Dark produces full colour transfers and is highly recommended for t-shirts and polo shirts. This product also benefits from superior opacity, making it ideal for application onto sublimated sportswear.

A4 samples are available free of charge upon request. Xpres cannot be held responsible for any copier/printer breakages.

STEP BY STEP

STEP 1

Print the design using the recommended settings on the plain side of the Laser Printer Dark paper, along with the Xpres Cut Plus registration marks. (Templates can be found at www.xprestechnical.co.uk)

- **Do Not Mirror Image**

STEP 2

Contour cut using the Xpres Cut Plus process - (The manual for this process is available to download from www.xprestechnical.co.uk) Film blade required (60gf - 80gf)

STEP 3

Weed away any excess material, remove the transfer and position on the garment by hand.

STEP 4

Cover the transfer with a single silicone sheet and press for 20 seconds at 125°C using medium pressure. Peel hot or cold.
